TARGET AUDIENCE

Family Physicians & Primary Care Nurse Practitioners

LEARNING OBJECTIVES

After participating and actively engaging in this program, participants will be able to:

- identify and interpret the latest emerging best practice recommendations for secondary stroke prevention
- apply and integrate newly acquired knowledge in the prevention and management of TIA and minor stroke patients into their day-to-day operations
- recognize the role of both primary care providers and the local stroke prevention clinic in the care of TIA and minor stroke patients

AGENDA

17:00 - 18:00 Registration & Dinner
18:00 - 18:15 Opening Remarks
18:15 - 20:00 What's New in Secondary Stroke
Prevention?*

- Updates in secondary stroke prevention guidelines
- Imaging and medical management including antithrombotic therapy
- The role of primary care providers and stroke prevention clinics in optimizing secondary prevention within the region
- Process for accessing specialized stroke services and resources within your region

**Case-based presentations with discussion of each case and Q&A ensuring at least 25% of interactivity.*

ACCREDITATION STATEMENT: McMaster University, Continuing Health Sciences Education Program (CHSE) is fully accredited by the Committee on Accreditation of Continuing Medical Education (CACME) to provide CFPC Mainpro+ and RCPSC Maintenance of Certification (MOC) study credits for Continuing Medical Education. This Group Learning program meets the certification criteria of the College of Family Physicians of Canada and has been certified by the McMaster University Continuing Health Sciences Program for up to 1.75 Mainpro+ credits. Each healthcare provider should claim only those hours of credit that he/she actually spent in the educational activity.
